

Please join us in celebrating the launch of OSIRIS-REx

NASA's asteroid sample return mission

Managed by Goddard Space Flight Center, OSIRIS-REx is NASA's latest New Frontiers mission. The spacecraft will rendezvous with the near-Earth asteroid Bennu and return a sample of surface material to Earth for study.

Launch is scheduled for Sept. 8, 7:05 p.m. EDT, from Cape Canaveral Air Force Station in Florida.
